Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

DETAILED ACTION

1. The timely submission under 37 CFR 1.129(a) filed on **04/28/2008** is not fully responsive to the prior Office action because :

a. The applicant is required under **35 U.S.C. 121** to elect **a single disclosed species** for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claim is generic.

b. In response to the applicant arguments that "...applicant elects **species 1 figures 4-7**. Applicants believe that **claims 1-5, 7-12, and 14-36** encompass the elected species..." **[page 11]**. This is found not persuasive because examiner believes that **species 1 figures 4-7** read on **claims 1-5, 8-12 and 24-28**. **Claim 7** includes features **[such as a second annular lip]** that is found in **fig. 11[specie 3]**, and claims **14-23** and **29-32** include features **[such as a third wall...fifth diameter]** that is found in **Fig. 13 [specie 4]**. Therefore, the examiner believes that **claims 7, 14-23** and **29-32** should be withdrawn.

Since the submission appears to be a bona fide attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a). If a notice of appeal and the fee set forth in 37 CFR 1.17(e) were filed prior to or with the payment of the fee set forth in 37 CFR 1.17(r), the payment of the fee

set forth in 37 CFR 1.17(r) by applicant is construed as a request to dismiss the appeal and to continue prosecution under 37 CFR 1.129(a). The appeal stands dismissed.
